- OSF Healthcare
- Peoria Riverfront Museum
- RLI Insurance Company
- State of Illinois

PAST PERFORMANCE

State of Illinois, Illinois Dept of Public Health (IDPH), Subcontractor, Contract Value (\$2,000,000)

The principal required deliverable is: The design and delivery of enhancements to the web-based "Illinois Hospital Report Card and Consumer Guide to Health Care" website (www.healthcarereportcard.illinois.gov) as well as provision of ongoing application management/maintenance. CSE Software had the sole responsibility of cyber security and quality assurance testing.

State of Illinois, Illinois Dept of Public Health (IDPH), Subcontractor, Contract Value (\$1,000,000)

Serve as the Technical Architect to design the Sitecore architecture to ensure the ease of integration and functionality while ensuring a smooth transition to the Cloud through Microsoft Azure.

State of Illinois, Dept of Innovation and Technology (DoIT), Prime, Contract Value (\$88,302)

Provide development assistance to the State of Illinois for updating their Broadcom Software systems following Layer 7 API infrastructure and configuration to build a cluster node in the Layer 7 environment.

Fortune 100 Electric Power Equipment Manufacturer, Primary Developer

Provide Salesforce development leveraging the Cloud Community platform. Utilizing Apex classes, custom components, and Lightning Web Components, CSE crafted a QR code landing page within the Salesforce Cloud Community.

Fortune 100 Natural Gas Engine Manufacturer, Primary Developer

Provided legacy system modernization with the development of a custom engine rating application. The application stores, maintains, updates, and displays data and calculations. Following user input, a comprehensive data sheet is generated, providing in-depth insights into engine performance under specific conditions.

Fortune 100 Machinery Manufacturer, Help Desk Support

Help Desk Support to handle badge access requests for over 800,000 employees and 400 CribMaster vending machines, database management, remote CribMaster application maintenance and troubleshooting, security monitoring, and custom reporting. The result was a 50% reduction in ticket resolution time and a 99% customer satisfaction rate.

Fortune 500 Pharmaceutical Company, Primary Developer

Developed comprehensive web-based eLearning programs for 13 distinct medical devices, tailored for both internal and external stakeholders. These interactive training modules were strategically developed to meet the dual objectives of enabling healthcare professionals to earn Continuing Education (CE) credits and equipping sales teams with in-depth product knowledge.
